

The 19th Wessex Advanced FESS Course

WORLD-FIRST HYBRID ADVANCED ENDOSCOPIC SINUS SURGERY COURSE

Best of Both Worlds – Fresh-Frozen
Specimens & Polymer-Based 3D Models

32 CPD points received in 2025

Thursday 11th – Saturday 13th June 2026

Experience the realism of fresh-frozen cadaver dissection alongside the precision of structured 3D anatomical training for complex frontal sinus and extended tumour approaches. This hybrid course offers unmatched training for ENT and neurosurgical specialists.

“Fresh-Frozen Cadaver Dissection”

- True surgical feel
- Realistic tissue handling
- Complete ESS approach

“Polymer-Based 3D Sinus Models”

- Structured planning for complex anatomy
- Step-by-step skill building
- Targeted training for frontal sinus & tumour removal

Course Highlights

- **Dedicated Hybrid Frontal Sinus Masterclass**
- **Led by Prof. PJ Wormald (Australia) with distinguished international and national faculty**
- **High faculty-to-delegate ratio**
- **State-of-the-art Dissection, Technology and Anatomy Lab – CLAS, Southampton**
- **Three full days of intensive hands-on training**

Venue:

Centre for Learning Anatomical Sciences (CLAS), Medical Education Academic Unit Level B, South Academic Block (DeptAB21), Southampton General Hospital, Tremona Road, Southampton, SO16 6YD
